WHO ARE OFF THE RECORD?

Offthe Record is a mental health charity providing free, confidential counselling to 11–25-year-olds across Croydon, Sutton, and Merton.

We are here to build bolder, brighter mental health for all young people. That means tackling barriers to access and challenging inequalities in mental health support and outcomes.

We run a range of services to meet local needs, including support for:

- Young Carers
- Young Refugees
- Those affected by serious youth violence
- Our Custody Suite service
- Mental Health Support Teams in schools
- First Contact (reducing wait times for counselling)

RIAH

I became a Youth Ambassador to gain experience and knowledge in mental health and to meet new people. Off the Record was doing a lot of great things for the community, and that drew me to them, to give my support and help as well.

My journey with Off the Record began in 2021. I took part in a workshop to destress before exam season. When the opportunity to give back was presented, I took it. Now, here we are four years strong as a Youth Ambassador.
